2. Discuss the FY 2026-2027 CCPD Budget apportionment for Crime Control and Prevention programs. (Patrick Arata, Police Chief)

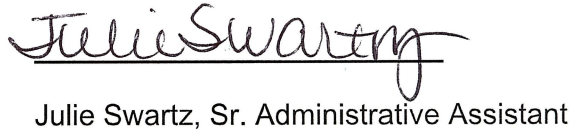

The Crime Control and Prevention District (CCPD) budget discussion for FY 2026–2027 highlighted the Trophy Club Police Department’s continued focus on public safety through strategic investments in staffing, training, and technology. The proposed budget, presented by Chief Arata, supports ongoing programs such as the K9 unit, cadet program, and school resource initiatives, while also funding new officers to address current vacancies. Key expenditures include a \$75,000 upgrade to the department’s security and access control systems to meet compliance standards, continued investment in investigative tools like Clearview software, and the purchase of two fully equipped patrol vehicles. While overtime funding has decreased, resources have been reallocated toward equipment and training enhancements. The CCPD anticipates \$437,000 in sales tax revenue but plans to draw from reserves to cover additional costs, maintaining a strong fund balance. Overall, the budget remains consistent with prior years while prioritizing officer readiness, community programs, and modernized policing tools.
