MEETING DATE: November 6, 2025

FROM: Matt Cox, Director of Community Development

AGENDA ITEM: **Case ZBA-25-005 (2721 Trophy Club Drive)**

Conduct a public hearing and consider action regarding a request made by homeowner John Schober for a special exception to Section 14.02.351, Fencing, Retaining Walls and Screening of the Town's Zoning Ordinance, to allow a fence to be constructed within 4 feet of the most front elevation along the eastern side of the home at 2721 Trophy Club Drive, Trophy Club, Denton County, Texas. (Matt Cox, Director of Community Development)

-

BACKGROUND/SUMMARY: The property owner, John Schober, has submitted a request for a special exception to Section 14.02.351, Fencing, Retaining Walls, and Screening of the Town's Zoning Ordinance, to allow installation of a new 5-foot black wrought iron fence to be located within 4 feet of the home's front elevation along the eastern (right) side of the property located at 2721 Trophy Club Drive.

Section 14.02.351 of the Town's Zoning Ordinance requires that fences be located a minimum of ten (10) feet behind the front elevation of the primary structure. The proposed fence will replace a portion of existing wood fencing and extend approximately 45 feet forward along the right side of the residence, terminating roughly 30 feet from the sidewalk. The fence design features 5-foot black wrought iron panels with decorative spear tops and matching 4-foot gates on both sides of the home, as shown in the attached plans and HOA application materials.

(A) Request is that new fence to be located on the eastern right side of the house is allowed to be positioned within 4' from our most front elevation

(B) Where new fence would be located if placed 10' from most front elevation

Zoning Board of Adjustment Authority:

Section 14.02.405(h) of the Trophy Club Code of Ordinances authorizes the Zoning Board of Adjustment to consider and allow waivers to the fence requirements as a Special Exception. The language from the ordinance reads:

The Zoning Board of Adjustment shall have the following powers:

- (1) To hear and decide appeals where it is alleged there is an error in any order, requirement, decision or determination made by an administrative official of the town in the enforcement of this ordinance.

- (2) To hear and decide special exceptions to the terms of this ordinance upon which the board is required to pass under this ordinance, if any.
- (3) To authorize upon appeal in special cases, such variances from the terms of this ordinance as will not be contrary to the public interest, where, owing to special conditions, the literal enforcement of the provision of this ordinance will result in unnecessary hardship, so that the spirit of this ordinance shall be observed and substantial justice done.
- (4) To permit in any district such modification of the requirements of the district regulations as the board may deem necessary to secure an appropriate development of a lot where adjoining such lot on two (2) or more sides there are lots occupied by buildings which do not conform to the regulations of the district.

Public Hearing Notices:

Notice of the public hearing was published in the Commercial Recorder and notices mailed to property owners within 200 feet of the request. At the time of staff report and agenda packet preparation, no responses in favor and one response in opposition had been received.

Section 14.02.405, Zoning board of adjustment, subsection (f) Meetings. states that all matters before the board of adjustment on matters of appeal, variance, special exception, or other matter as specified by ordinance, shall be held as a public hearing in accordance with the provisions of section 14.02.406, Public Hearings. Contradicting requirements for a public hearing will be processed with the most restrictive regulations.

In order to make a finding of hardship and to grant a variance, special exception or appeal, the Zoning Board of Adjustment must determine that all of the following conditions are met. State how your request meets these conditions. Please note that the stated hardship shall not be financial or self-induced. Attach additional sheets if necessary.

1. Completely describe the variance, special exception or appeal you are requesting:

We are requesting that our new wrought iron fence on the eastern right side of our
house is allowed to be 4' from our most front elevation instead of the current limit of 10'.

Attached is a screen capture of a communication from our HOA

On 10/2/2025, Cole Nix from the Highlands HOA Architectural Control Committee wrote

“If the city approves the fence being that close, I have no problem having the HOA approve it.”

Per the attached HIGHLANDS AT TROPHY CLUB HOMEOWNERS ASSOC ARCHITECTURAL

CONTROL COMMITTEE REQUEST FORM, both of our neighbors conveyed approval of this request.

2. Do similar conditions exist in the area? Explain.

Yes, 2718 Trophy Club Drive's fence is 1' in front of their most front elevation

Yes, 2418 Trophy Club Drive's fence is even with their most front elevation

Yes, 2738 Mona Vale Road's fence is even with their most front elevation

Note: The first listed address above, of 2718 Trophy Club Dr, is directly across the street from us.

3. Describe how the unique conditions or circumstances do not result from your actions.

The extension is still 4' back from our most front elevation and 2' back from the eastern right
corner of our house, which is esthetically pleasing. Our neighbors on both sides agree with what we
wish to do. Cole Nix from the Highlands HOA Architectural Control Committee wrote “If the city approves
the fence being that close, I have no problem having the HOA approve it.” Lastly, this will be a wrought
iron fence setback nearly 30' from the sidewalk mostly obscured by landscaping.

4. Is there any way to do what you want without this request?

No, we cannot have our new wrought iron fence within 4' of our most front elevation
without this request being approved

ATTACH A DETAILED DIAGRAM OF THE SITE, TO SCALE, AND ANY OTHER DRAWINGS OR INFORMATION NECESSARY TO HELP EXPLAIN THE CASE TO THE BOARD. SHOW ON THE DIAGRAM ALL EASEMENTS, BUILDING LINES, ENCROACHMENTS AND THE VARIANCE, SPECIAL EXCEPTION OR APPEAL REQUESTED. THE SPECIFIC REQUEST SHOULD BE QUANTIFIED BY AN APPROPRIATE MEASUREMENT (DISTANCE, PERCENTAGE, ETC.).

Three (3) homes within the Highlands HOA of Trophy Club, TX that currently have fences far less than 10' from their most front elevation. **Note: The first example below is just across the street from our house on Trophy Club Drive.**
